Description

This Notice is an Industry Calling / Early Market Engagement notice for Project CABOT.

The aim of the Industry engagement is to commence a conversation between the Royal Navy and Industry Partners on capability's that will accelerate the RNs pivot to autonomy with a specific focus on Anti-Submarine Warfare entitled 'Project CABOT' (A portfolio of lean crewed, remote operated and uncrewed/autonomous airborne, surface and sub-surface vehicles, sensors and nodes to provide a deployable and persistent wide area ASW search capability).

Further information and to request attendance at the industry day is available on the listing on the Defence Sourcing Portal: <https://contracts.mod.uk/esop/guest/go/opportunity/detail?opportunityId=59468>

If your organisation does not currently have an account, they will need to

register for a free account. Please allow time for this before the request for attendance closing date
