---

## Experience

### Project A

Partner, Managing Director UK  
April 2021 - Present (4 years 9 months)  
London, England, United Kingdom

Project A is a leading European early-stage investor with €1.2B AUM, championing ambitious tech founders from idea to scale. We provide pre-seed and seed capital to firms shaping Europe's future across key themes including Fintech, European Resilience, Global Supply Chains, and the Future of Autonomous Work. Our portfolio features category leaders such as Trade Republic, Sennder, Zepz, and Quantum Systems. In addition, our founder-led Studio actively partners with ventures like 11x, ARX Robotics, and Enapi to shape and validate bold ideas from day zero.
