Nino Lindenberg

Software Engineer | AIML | Autonomous System | Data
Germany

Zusammenfassung

X German soldier, engineer (Computer Vision, Reinforcement Learning, & Autonomous System), and a leader with the vision to make the world safer with autonomous robots.

Berufserfahrung

STARK
Director of AI and Navigation
Juli 2025 - Present (6 Monate)

Developing the autonomous system for STARK unmanned systems.

Ninovation
Managing Director
August 2023 - Present (2 Jahre 5 Monate)
Berlin, Germany

A holding company for Nino-driven innovative technologies.

J. A. R. V. I. S.
Managing Director
Januar 2023 - Present (3 Jahre)
Berlin, Germany

Developing AI-driven MVP software for startups.

PLENO
(Exited) Founder & CEO/CTO
April 2024 - Juni 2025 (1 Jahr 3 Monate)
Berlin, Germany

Building Europe's #1 AI Pilot for UAVs, converting any drone into an intelligent system. PLENO was acquired by STARK in June, 2025.

FreeTech Academy
Software Engineer
Oktober 2021 - März 2024 (2 Jahre 6 Monate)
Berlin, Berlin, Germany

Axel Springer Academy of Journalism and Tech.

CODE University of Applied Sciences
1 Jahr 4 Monate

Teaching Assistant for AI & ML Lectures
August 2022 - Mai 2023 (10 Monate)
Berlin, Germany

Together with the AI & ML lecture coordinator, Professor Trollman, we organized the first ML lecture at CODE University of Applied Sciences. My responsibilities ranged from preparing the lecture's contents, supporting students with AI programming, and organizing the first "Metalic Pikachu" award for the classification tournament in the ML lecture of 2023.

Teaching Assistant for AI Basic
Februar 2022 - Juli 2022 (6 Monate)
Berlin, Germany

I was a teaching assistant for the module "Artificial Intelligence Basic" which teaches students about the 4 fundamental fields in AI:
- Planning
- Optimization
- Knowledge/Reasoning
- Learning

Axel Springer National Media & Tech GmbH & Co. KG
Software Engineer
Januar 2022 - Juni 2022 (6 Monate)
Berlin, Germany

An in-job training is a big part of the core concept in FreeTech Academy. As one of the tech talent, I have the opportunity to work with the Advertisement Intelligence team at Axel Springer National Media and Tech. I worked in different roles to gain knowledge in the broader spectrum of software engineering. My roles and tasks are as following:

1. Data scientist - Performing incremental pre-analysis using PySpark in Palantir Foundry.
2. Full-Stack Developer - Creating new feature for the team's interactive dashboard.
3. Front-End Developer - Re-programming the URL for email notification on the main web application.

CHANCEN eG
Software Engineer
April 2021 - September 2021 (6 Monate)
Berlin, Germany

CODE University of Applied Sciences
Teaching Assistant for Software development
Januar 2021 - Juli 2021 (7 Monate)
Berlin, Germany

I taught groups of students about the foundation of software development through office hours, workshops, hands-on tutorials, and class lectures.
